

Elm Academy Vision

At Elm Academy our aim is to secure outstanding achievement and high standards of social skills for all of our young people. We openly promote independent learning skills and a sense of moral responsibility through our high aspirations for each and every individual. It is our aim to ensure that all learners leave with the literacy and numeracy skills to equip them for the next phase of learning.

At Elm Academy we endeavour to ensure outstanding progress and learning for all by holding the highest expectations of all of our pupils. We challenge all pupils to strive for academic, creative, cultural and social accomplishment within a broad and vibrant curriculum.

As an Academy we place emphasis on celebrating perseverance and resilience ensuring pupils are excited by and welcome challenge. Pupils are empowered to take ownership and responsibility for their learning, so they have the confidence and curiosity to ask questions, solve problems and respond quickly to feedback.
